

NS-SFS Carton Sealing Machine

The SFS series machine is an economical carton sealer that offers a simple and efficient means of sealing many different types of cartons on a semi automatic basis.

Using hot melt adhesive one operator is able to attain a speed of sealing of approximately 20 flaps per minute.

STANDARD FEATURES

- The machine is suitable for bench use, a set of legs can be supplied if required
- Full stainless steel frame & guards
- Fully enclosed to minimise heat loss
- Built in width adjustment of 100mm by means of one hand screw adjusting handle
- Stainless steel flap holder
- Built in clutch and thermo couple link to protect the glue wheel from damage if the motor is switched on before the glue has melted.
- Thermo couple glue temperature control.

OPTIONAL EXTRAS

- Twin line gluing
- Service kit
- Extra wide

Technical Data.

- Size change of approximately one minute

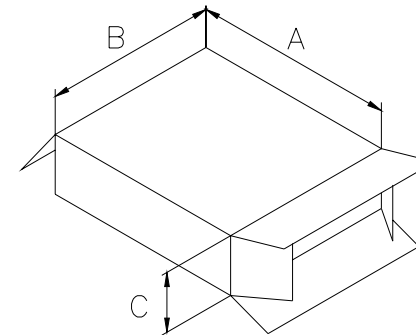

Output 10 Cartons/min

Electrical
Single phase, 240v 0.012 hp AC motor

1.0kW single phase for hot melt applicators

CARTON SIZE RANGE

- A - 80 – 300mm
- B - 44 – 200mm
- C - 25 – 80mm
